Group clients please note

The Artful Lens is a *professional portrait company* and not an “elementary/high-school” photo company. We like to address each subject as the individual they are. Therefore please do not assume that mass numbers of subjects will be shot per hour. The *maximum* amount of individual subjects we like to work with in an hour is 6-10, *depending on the type of shots requested.*

Taxes are not included.

Packages are subject to terms and rates are subject to change.
